Dear Tribal Member:

Enclosed is your *PCI Health Card*. This health card benefit represents phase II of the Tribe's comprehensive plan for assisting members with their health care cost. The *PCI Health Card* is being issued only to members who do not participate in the PCI Member Health Insurance Plan. This card will allow members to pay medical expenses not covered by insurance for themselves or any dependent. These expenses include dental and vision fees, chiropractic services, co-pays, deductibles, and insurance premiums. Codes are encrypted within the card to ensure that funds from the card are used for medical expenses only.

Each tribal member who is not enrolled in the PCI Member Health Insurance Plan is being provided a health expense allotment in the amount of \$600. Cards have been issued in the following categories:

- Tribal members over the age of 18 with no tribal member spouse or tribal minor (s) are receiving a card in their name with a value of \$600.
- If you are a tribal member and are the parent of a tribal minor (s) you are receiving a card with a value of \$600 for you and each of the minor members in your household.
- Tribal members with a tribal member spouse and tribal member child or children are receiving a card that will have a total value of \$600 for each member in the household. (Example- all tribal members-husband, wife & two children = card value \$2,400).
- If you are a non-tribal member parent or guardian, you are receiving a card in your name for the tribal minor(s) with a value of \$600 for each minor.

Enclosed with your card is detailed information for card usage and eligible expenses. Please review this information carefully. Cards will be activated and ready for use on May 1, 2010.

We have worked earnestly to provide cards with correct names and family groups. However, should you have an incorrect card or questions, please contact the PCI Tribal Member Benefits Department at (251) 368.9136 X 2209 or 2007.

Tim Manning
Tribal Member Benefits Director
